January 25, 2021

Dear GWGC Members and Prospective GWGC Members,

It's that time again to renew your GWGC membership and encourage new members to join our Ladies Golf Club.

Membership in the GWGC allows you to play in our 18-hole tournaments, post tournament and non-tournament scores and maintain your handicap. We are informally known as the "Thursday Group" because our tournaments have reserved tee times on Thursday mornings. But you can play in the tournaments any day of the week (except Tuesdays), as long as you play with another member. So even if you work on Thursdays, you can be an active member of the club.

Attached is a membership application for 2021. We have held the 18-hole membership fee at \$90. You may also elect to participate in the Hole-in-One Club for an additional \$2. Your hole-in-one can occur during any round at the Griff during the GWGC playing season. Please note that this year there is a new option for renewing one's membership. Through the LeaderBoard System you will be able to renew your membership, update your information, pay by a credit card without filling out an application.

We also welcome 9-holers to join the GWGC and to play on Thursday mornings. Since prizes are only awarded for 18-hole tournaments, the membership fee for 9-holers is reduced to \$50 (plus an optional \$2 for the Hole-in-One Club).

Our Opening Meeting is scheduled for Monday, April 8, 2021 with details to follow. Our Opening Scramble is set for Thursday, April 15, 2021.

We welcome all new members and please not to worry about where one's golfing skills are at the moment. The list of things to remember are to bring a set of golf clubs, maintain the pace of play, and have fun while learning the game of golf. You do not have to be a Greenwich resident to be a member of the GWGC and play in GWGC events. Please forward this letter with the attachments to your golfing friends.

Look forward to hearing from all of you and Let's Play Golf!

Sincerely,

Janice L. Stearns
Treasurer and Membership Chair
